Please list your Schools Belt Ranking Here:

(Example: White Yellow Orange – Beg. Purple Blue Green – Int. Red or Brown – Adv.)

Beg. - \_\_\_\_\_

Int. - \_\_\_\_\_

Adv. - Red or Brown Expert - Black \_\_\_\_\_

If your school belt ranks differ from the colors listed above and those listed in the CKA rule book, you must notify the CKA of your belt colors and get approval. Also, please keep in mind that after one year of training, a student must move from beginner to intermediate division. A student would also have to move from beginner to intermediate if the belt color is any other color than what is noted for beginner. Additionally: A student must compete according to the highest rank they have achieved in any style (not just the style or system they are currently training in). The only exception is grappling division. See CKA rules for further explanation.
